Heavy-weight Specialists 星級專家:

(Booth 3G-C04)

Connecting oversea buyers to your business

Alibaba.com's Ecommerce Consultants will provide SME Ecommerce consultancy service, by giving suppliers the advisory to reach a global audience for their products, so as to showcase suppliers' products to buyers from different oversea countries.

The Online Marketplace You Can Trust

The HKTDC's online marketplace, www.hktdc.com, is an effective business-matching platform that connects global buyers and sellers. All suppliers' information is verified by third-party organisations to ensure their integrity and enhance trade confidence. hktdc.com Small Orders online transaction platform complements the main sourcing portal and serves today's changing market needs.

NWT's CES & IDC Services

New World Telecommunications Limited an HKBN Group company ("NWT") offers Cloud Enterprise Solution (CES) Infrastructure-as-a-Service (IaaS) to virtualize IT or network resources to perform multiple applications.

NWT's Internet Data Centre (IDC) offers a highly secured and controlled environment with carrier-grade facilities for housing enterprises' mission-critical equipment.

Rackspace (NYSE: RAX), the #1 managed cloud company, helps businesses tap the power of cloud computing without the challenge and expense of managing complex IT infrastructure and application platforms on their own. Rackspace engineers deliver specialized expertise on top of leading technologies developed by AWS, Microsoft, OpenStack, VMware and others, through a results-obsessed service known as Fanatical Support®.

Worldpay is a leading global provider of payment and risk services, processing millions of transactions every day. We provide an end-to-end service including card acquiring, treasury, gateway, alternative payments and risk management, all of which can be provided with a single integration to Worldpay. We make global payments simple for many of the world's leading organisations.

Yahoo Hong Kong launched Yahoo Store in January 2016, together with Yahoo Deals and Auctions, completed a full-blown e-commerce solution for e-retailers. Yahoo Store will provide a long-term solution for e-commerce retailers, who can now promote their new products anytime, anywhere they wish. Meanwhile, Yahoo Deals and Yahoo Auctions will continue to serve as means of short-term promotion, aiding brands or individual e-retailers in the search of potential buyers.
