Viola Lam, Founder & CEO, Find Solution Ai Limited
富成人工智能有限公司 創辦人及行政總監 林苑莉女士

Viola Lam, Founder & CEO of Find Solution Ai Limited, won the Entrepreneur Year 2015/16 of the Youth Business International which is one of the world's most honorific award for young successful entrepreneurs who make positive contributions to both society and people. Ms. Lam was selected by the judges over 1,000 top-notch competitors from 68 countries with her far-sighted vision in education, clear and sustainable business model and her ambitious plans for growth.

With Ms. Lam's significant teaching achievement and experience, she understands the excessive demand on both of education (and potentially on medical research). This is the reason she would like to improve students study progress with the innovation of the self- motivated learning model and Find Solution AI was born.

Ivy Li, Executive Director, WildFaces Technology Limited

華飛思科技有限公司 行政總監 李麗珍女士

Ivy Li, Co-Founder & Executive Director of WildFaces brings with her several decades of practical industry experience in AI Experience to the role. She is an inventor with 50 international patents related to complex AI technologies. Ms Li's philosophy has always been to ensure that the technologies address customers' pain-points in a cost-effective and practical way. Products based on her patents have been deployed in 50 countries across 30 industries. Many of these countries are belt and road targeted countries in Asia, Middle East & Eastern Europe.

Being a HK born technologist, Ms. Li advocates that Chinese companies must invest in building their own self-own AI core technologies to deliver their unique offering. She established WildFaces to demonstrate that a company from the Greater China region could build world class technologies that would be sought after by the West.
